

Signature Audio in Scottsdale, AZ seeks 12 Volt Master Electrician/Technician

Signature Audio, a specialty 12 volt retailer based in Scottsdale, Arizona, has an immediate opening for an experienced and self-motivated 12 Volt Master Installation Technician and Electrical Guru. In this important role, the candidate will perform high-quality in-vehicle installations of audio and radar/laser equipment and work with a team of other installation professionals. **Extensive experience in automotive electrical, wire connection methods, audio system installation/integration, as well as working with high-end clientele is a must for candidates applying to this position.**

The 12 Volt Master Installation Technician position at Signature Audio is focused on electrical, wiring, assembly and OEM audio integration work rather than fabricating. A qualified individual for this role is:

- A self-motivated individual with 7+ years of car audio installation experience encompassing a broad range of vehicles and audio system configurations.
- Highly knowledgeable on OEM audio integration and fundamental DSP tuning skills.
- Highly knowledgeable on custom-installed (CI) radar/laser detection systems.
- Highly knowledgeable in fundamental electronic components such as relays, diodes, etc, as well as DC electrical system architecture.
- Knowledgeable in OEM-style wiring harness connectors/crimping such as MetriPack, WeatherPack, Deutch, Molex, etc.
- Circuit board level knowledge for repair or modifications is a plus, but not required.
- Fabrication knowledge is a plus, but not required
- MECP Advanced (now called "Skilled") or MECP Master (now called "Expert) and/or ASE A6 certification not required, but certainly a MAJOR plus.

All Candidates Must Be:

- Able to work with a team of other installation technicians to ensure timely completion and high-quality installation standards are met.
- Highly knowledgeable on European sports cars and exotics (disassembly, fitment, etc.).
- Someone who possesses excellent verbal and written communication skills.
- Someone who enjoys a team-oriented working environment with others who have their own skill sets (fabrication, metal work, upholstery, automation, etc.).
- Someone who is detail-oriented and works to meet scheduled deadlines.
- Someone who exhibits professional conduct at all times, both with co-workers and clientele.

Signature Audio values individuals who contribute to the ongoing company philosophy of serving their clientele with the highest possible level of quality and convenience. The clientele expects what is promised and the shop actively seeks team members who are committed to deliver.

About the 12 Volt Master Installation Technician / Electrical Guru Position:

- Compensation for the 12 Volt Master Installation Technician position starts at \$70,000 per year.
- Pay is commensurate with work experience, skillset, certifications and organizational ability.
- Above-average pay for the greater Phoenix area compared to 12 volt shops for this position.
- Full medical coverage – 100% employer-paid
- Generous annual paid vacation time.
- 8:30am-5pm Monday-Friday. No weekends.
- Relocation stipend available for qualified applicants.
- Signature Audio provides advancement opportunities as company growth continues to expand.

- Signature Audio is an equal opportunity employer.

If you're not a Master 12 volt electrician-type, but feel as though you're well above average with strong skills and knowledge in both disciplines of electrical/integration and you are also strong in fabrication, definitely consider submitting a resume.

About Signature Audio

Signature Audio is the premier 12 volt specialty retailer in Scottsdale, Arizona. The clientele are high net worth individuals and they work on primarily European exotics (Porsche, Mercedes-Benz, BMW, Audi, Maserati, Ferrari, Lamborghini, etc.). The shop is over 8400 square feet and is outfitted with all the necessary tooling to complete metal, wood and plastics fabrication as needed. Signature Audio also has automation with a CNC router and CNC laser to further its capabilities. The entire workshop is air conditioned with epoxy floors and generous space for tools and workbenches. If there's a tool or machine they need to increase quality and efficiency and don't already have it, you'll help make the business case for why it's needed.

About Scottsdale, AZ and the Greater Phoenix Area

- Scottsdale is located in Maricopa County, AZ.
- Population 248,000.
- Nearby cities to Scottsdale include Phoenix, Tempe, Mesa, Chandler, Gilbert, Fountain Hills, Glendale, Peoria, Surprise, Cave Creek and Carefree.
